[REDACTED]
April 14, 2003

Mr. Harry Ashcroft, Manager
Crown Lands Disposals
Department of Natural Resources
P. O. Box 698
Halifax, NS, B3J 2T9

Dear Mr. Ashcroft:

Re: Application by Global Quarry Products for Marine Terminal at
White's Cove, Digby Neck

On hearing that an application for a marine terminal had been filed at the Hillgrove Office of the NS Department of Natural Resources, one of the undersigned, [REDACTED] called Mr. Mark Saywood of that Office to obtain more information. Mr. Saywood advised us to get in touch with you directly, as you are the official authorized for issuing the permit.

We want to advise you that we own a small piece of property in close vicinity of White's Point, the location of the proposed terminal. We intend to build a summer cottage on our property this spring.

We are enclosing the following documents for your attention:

1. Survey map of 1933 which shows our property and the fishermen's privilege along the shoreline of White's Cove. This map accompanied the deed of the referenced property to His Majesty by Thomas D. Carty (Deed No. 11394, dated Nov. 25, 1933). We acquired this same property in December 2002 (Deed No. 3055, Book No. 616, dated December 24, 2002).
2. Copy of the letter from Mr. Bob Petrie of NS Department of Environment & Labour to [REDACTED] indicating the modified survey of the 3.9-hectare quarry site.
3. The modified survey plan which also shows the location of our property.

We would ask you to please note that we too are "upland owners" in reference to the proposed terminal and our permission should be necessary before issuing the permit. We are also bringing to your attention the fact that the traditional fishermen's privilege must be honoured.

We look forward to your acknowledgement of this letter and the clarification of these issues.

Sincerely,

cc: Honourable Timothy A. Olive, Minister, NS Department of Natural Resources
Honourable Gordon Balsler, Minister, NS Department of Agriculture & Fisheries
Honourable Ronald S. Russell, Minister, NS Department of Environment & Labour
Honourable Robert Thibault, P.C., M.P., Federal Minister of Fisheries & Oceans
Mr. Peter Stoffer, M.P., Federal Fisheries Critic, NDP
Mr. Howard Epstein, MLA, Environment Critic, NDP
Mr. Russell MacKinnon, MLA, Environment Critic, Liberal Party
Mr. Wayne Gaudet, MLA
Ms. Charlotte Muir, Navigable Waters Division, Canadian Coast Guard
Ms. Joy Dubé, Habitat Management Division, Department of Fisheries & Oceans
Mr. Derek McDonald, Canadian Environment Assessment Agency
Rev. John Dickinson, Chair, Partnership for Sustainable Development of Digby Neck
and Islands Society
