
Public Notice

Quebec – April 30, 2010 – The public is invited on May 25 and 26 to participate in the public information sessions on the Matoush Uranium Exploration Project, located northeast of Mistissini and Chibougamau.

THE INFORMATION SESSIONS WILL BE HELD IN :

Mistissini	Chibougamau
May 25, 2010 – 2 pm Neoskwekau Sports Complex 206, Main Street Mistissini (QC) GOW 1C0	May 26, 2010 – 2pm Hôtel Harricana Salle Le Palais (max 350 people) 1000, 3rd St., Chibougamau (QC) G8P 1R7

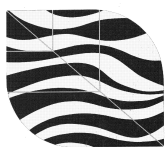

Important : The sessions will start at 2pm and may continue during the evening if needed.

OBJECTIVES OF THE PUBLIC INFORMATION SESSIONS :

- Allow the proponent, Strateco Resources Inc., to present the project to the public as well as the results of the environmental and social impact assessment study;
- Provide an opportunity for the public to ask questions and receive clarification on the project and its impacts on the environment ; and
- Explain the role of the Panels, the review process and the next steps.

The proponent, as well as federal and provincial government representatives and the Cree Regional Authority, will be present to answer questions and requests for clarification from the public.

The public information sessions are the first of two phases of the public hearings lead by the Federal and Provincial Review Panels. A **second phase of the public hearings** is scheduled to allow the public to present their views on the project and its impacts and to submit and/or file submissions.

Quebec Agreement

WHERE TO CONSULT THE IMPACT STUDY REPORT :

The French and English versions of the impact study report, along with more information on this project, are available under the *James Bay and Northern Quebec Agreement* (JBNQA) section of the Canadian Environmental Assessment Agency's Web site (www.ceaa-acee.gc.ca) at:

<http://www.ceaa-acee.gc.ca/default.asp?lang=En&n=FE6E7984-1>

The French and English versions of the report are also available to the public at the following locations:

Chibougamau Municipal Library

601, 3rd St
Chibougamau, QC

Mistissini Council

187, Main St, Mistissini
Quebec, QC

**Quebec Regional Office of the Canadian
Environmental Assessment Agency**

1141, route de l'Église, 2nd Floor
Quebec, QC

Strateco Resources Inc. is proposing to construct an underground exploration ramp in order to operate a uranium mine located 260 km northeast of Chibougamau. The primary infrastructure consists of a 2405 m ramp at a maximum depth of 300 m. Temporary surface structures will be constructed to support the underground exploration work. This exploration project was launched to identify mineral resources with more precision and to determine the feasibility of a uranium mine.
