## Table 1-1: Common Objectives between Great Earth Law and OHRG

<table>
<thead>
<tr>
<th>Great Earth Law</th>
<th>OHRG Actions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Understand potential effects of the development on the environment in Treaty 3 territory and on the rights of the Anishinaabe</td>
<td>Carry out an environmental assessment that includes an assessment of potential effects to Aboriginal and treaty rights, as outlined in the EIS Guidelines</td>
</tr>
<tr>
<td>Seek a mutually beneficial continuing relationship between the proponents and the Anishinaabe</td>
<td>Carry out meetings, workshops and forums with the Chiefs, Elders and community members of the nine First Nations communities identified as having an interest in the Project. Implement Resource Sharing Committees for regular long-term communication with First Nations communities</td>
</tr>
<tr>
<td>A proponent should consult the Nation in the traditional manner</td>
<td>Provide capacity funding for traditional ceremonies to take place as part of engagement meetings, meet with Elders and facilitate traditional ceremonies at the Mine Site</td>
</tr>
<tr>
<td>A proponent should ensure that a development is designed, constructed, operated and decommissioned with respect for the environment in Treaty 3 territory and for rights of the Anishinaabe</td>
<td>Carry out an alternative methods assessment which considers potential effects to Aboriginal and treaty rights, as required in the ToR</td>
</tr>
</tbody>

---

**Great Earth Law**

Great Earth Law is a legal entity focused on environmental and social responsibility. They oversee the Hammond Reef Gold Project, ensuring that the development aligns with environmental and social standards.

**OHRG (OceanaGold Resources Group)**

OHRG is the corporate entity overseeing the Hammond Reef Gold Project. They are engaged in the development of the project and are responsible for implementing the environmental and social measures outlined in the EIS/EA report.

* The Director may issue a Deficiency Statement. If the deficiencies are not remedied, the Minister may reject the environmental assessment.

① The Minister has three options: 1) refer all or part of application to the Tribunal; 2) make a decision; or, 3) refer to mediation.

② If referred to the Tribunal, the Minister has 28 days in which he or she may review the Tribunal decision. The Tribunal has the same decision options as the Minister (approve, approve with conditions, or refuse).

③ If referred to mediation, the Minister shall consider the mediator’s report when making a decision.

Note: Self-directed Mediation may occur at any time. The Minister may refer an environmental assessment application to mediation (Refered Mediation) any time during the environmental assessment process (60 days maximum).

---

*Prescribed Deadlines (Ontario Regulation 616/98)*

- **12 weeks**
  - Proponent Consults During Terms of Reference (ToR) Preparation
  - Proponent Submits ToR
  - Government and Public Review of ToR
  - ToR Rejected
  - Minister’s Decision on ToR
  - ToR Approved
  - Proponent Consults During Environmental Assessment (EA) Preparation
  - Proponent Submits EA
  - Government and Public Review of EA *
  - Notice of Completion of Ministry Review of EA
  - Public Inspection of Ministry Review (Final)
  - Minister’s Options
    - Refer to Environmental Review Tribunal (Hearing)
      - Approve
      - Approve with Conditions
      - Refer
    - Minister Makes Decision
      - Approve
      - Approve with Conditions
      - Refer
    - Refer to Mediation
      - Mediator Submits Report to Minister

EIS/EA REPORT

Document prepared to meet both the federal requirements for a Comprehensive EA (specified in the December 2011 EIS Guidelines) and provincial requirements for an Individual EA (specified in the July 2012 Terms of Reference) for the Project.

EXECUTIVE SUMMARY

Stand-alone document that summarizes the results of the EIS/EA Report in simplified language.

CHAPTERS

APPENDICES

Includes general Project information as well as a detailed Project Description, a description of the Existing Conditions, the Effects Assessment, Mitigation Measures, Management Plans and other information as required by the Project’s Federal Environmental Impact Statement Guidelines and Provincial Terms of Reference.

TECHNICAL SUPPORT DOCUMENTS

Stand-alone reports containing detailed information on their subject matter in support of the EIS/EA Report.

PHYSICAL

Atmospheric Environment TSD
Geochemistry, Geology and Soil TSD
Hydrogeology TSD
Hydrology TSD
Lake Water Quality TSD
Site Water Quality TSD
Water and Sediment Quality TSD

BIOLOGICAL

Aquatic Environment TSD
Terrestrial Ecology TSD

HUMAN

Aboriginal Interests TSD
Cultural Heritage Resources TSD
Socio-economic Environment TSD
Human Health and Ecological Risk Assessment TSD

ASSESSMENT

Alternatives Assessment Report
Conceptual Closure and Rehabilitation Plan
