

Taseko Prosperity Gold-Copper Project

Appendix 2-5-C

TABLE OF PUBLIC AND STAKEHOLDER ENGAGEMENT PRE 2000

DATE	CATEGORY	ORGANIZATION	CONTACT	TITLE	NATURE OF CONTACT	DETAILS (Concerns, Opinion, Topic of Discussion)
93-Jan-12	NGO	100 Mile House Advocate Newspaper	Don Robertson	Outdoors columnist	Newspaper Article	Newspaper Article "Weighing in the Taseko Proposal" Environmental Process/Fish Habitat Compensation Plan - Another case of fish versus extraction. Tremendous visual impact. Severe impacts to fish lake. Environmental concerns being ignored. Rainbow trout population small but prolific. Fish lake supports a monoculture stock of wild rainbow trout. Monoculture rainbow lakes are extremely valuable in supporting sport fisheries. High densities of rainbow trout result high angler catch rates. Catch rates are among highest in Cariboo region
93-Mar-10	Industry	Environmental Mining Council of B.C.			Newspaper Article	Article "Environmental Mining Initiative Replaces Confrontation To Achieve A Sustainable Industry" in Environmental Mining Initiative General - The Council believes that it would be beneficial to undertake a pilot project... in order to see how pro-active and positive input from the conservation community might expedite the development of lesser-impact new mines.
93-Apr-19	Taseko Contractor	Hallum, Knight Piesold Ltd. (Taseko Mines Ltd. representative)	Robert Hallum	President	Letter	Letter to Ross Banner re: Archaeological Impact Assessment -- Required to complete an archaeological and heritage resources assessment of the project area.
93-Jul-26	Public	Local/regional interests			Memo	Memorandum from Ross Banner to Bob/Doug regarding meetings: General, Ore Truck Haul Route, Transmission Line General public feels that the project would be good for the area. However, public expressed concerns for impacts on rural life style, water quality and the routing of the road and the transmission line.
93-Aug-31	Industry	Mining Association of B.C.	Gary Livingstone	President and C.E.O.	Letter	Letter to Robert Dickinson, President Taseko Mines Supportive of project. Indicated that environmental representatives will likely support project as it proceeds through mine development review process
93-Sep-09	NGO	World Wildlife Fund	Dona-Lyn Reel (Gibsons, BC)	Project Coordinator	Letter	Letter to Ross Banner Impressed with the project. Design involves united environmental impacts.
93-Sep-11	Stakeholder	Guide Outfitter	Steve Smith	Guide, Outfitter (Chilliwack)	Letter	Letter to Brian Braidwood, Taseko Mines Re: Guiding and Hunting - Mine site, transmission line and access road fall within guide outfitting territory of Steve Smith. Approval of project would result in loss of income. Guide outfitter requesting compensation.
93-Sep-15	NGO	East Kootenay	Laura Duncan	Mining	Letter	Letter to Bob Dickinson, President Taseko Mines

DATE	CATEGORY	ORGANIZATION	CONTACT	TITLE	NATURE OF CONTACT	DETAILS (Concerns, Opinion, Topic of Discussion)
		Environmental Society		Committee		Supportive of project. Acknowledges efforts made by Taseko Mines to establish contact at an early stage with Environmental Mining Council of BC, local ranchers and natives.
93-Oct-26	Taseko Contractor	Hallum, Knight Piesold Ltd. (Taseko Mines Ltd. representative)	Robert Hallum	President	Letter	Letter to Dale Stoppler - Open house announcement
93-Oct-27	Taseko Contractor	First Nations	Robert Hallam	President	Letter	Letter to Ross Banner from Robert Hallam of Hallam Knight Piesold Re: Native Affairs - Synopsis of First Nations concerns about the Fish Lake Project
93-Oct-29	NGO	Tatshenshini Wild	Mr. Rick Careless		Report	Draft Report prepared by Environmental Mining Council of BC Project Review Process - Criticizes a report prepared by the Environmental Mining Council of BC which stated that "...current information and data on the Fish Lake ores, waste rock, overburden, tailings and concentrate, and that on the proposed mining operation at Fish Lake indicate that essentially no environmental contamination or pollution would be expected ..."
93-Nov-12	Public	Local/regional interests	Doug Harford		Letter	Letter to Doug Harford - Job Creation – he was interested in employment
93-Nov-15	Industry	Chevron Canada Limited	Allen Evans		Letter	Letter to Allen Evans - Wanted to know fuel costs
93-Nov-15	Public	Local/regional interests	Brad Harmer		Letter	Letter to Brad Harmer - Job Creation – wanted to know shift schedules.
93-Nov-15	Public	Local/regional interests	Gordon Finlay		Letter	Letter to Gordon Finlay - General - Transportation to mine site, impact on Farwell Canyon and road upgrade.
93-Nov-15	Public	Local/regional interests	Lynn Oliver		Letter	Letter to Lynn Oliver - Fish Compensation Plan – wants to know type of fish in Fish Lake.
93-Nov-15	Public	Local/regional interests	David Way		Letter	Letter to David Way - Fish Compensation Plan – Wants to know type of sampling conducted on Fish Lake

DATE	CATEGORY	ORGANIZATION	CONTACT	TITLE	NATURE OF CONTACT	DETAILS (Concerns, Opinion, Topic of Discussion)
93-Nov-26	NGO NGO Public Public	Big Creek Community Association Local/regional interests Local/regional interests	Walt Mychaluk Peter Schuler Residents	President	Meeting	Fish Lake Public Advisory Committee meeting Ore Truck Haul Route - Concerns were expressed about roadway and increased road access to the Big Creek area
93-Dec-03	NGO	Williams Lake Advocate and 100 Mile House Advocate Newspapers	Mr. Randy Poulis	Newspaper Editor	Letter	Letter from Ross Banner to both newspapers Fish Habitat Compensation Plan, Aesthetics - There is no denial that industrial projects impact the environment, however, environmental and reclamation design work for the Prosperity Project will ensure impact is controlled or minimized.
93-Dec-09	NGO	Environmental Mining Council of B.C.			Press Conference	General - Reference to March 10, 1993 by EMCBC that; "... environmental concerns are often much more manageable than perceived".
93-Dec-15	Industry	Gibraltar Mines Ltd.	Bill Myckatyn	President and C.E.O.	Newspaper Article	Williams Lake Advocate "Fishing for Controversy" Project Review Process - Writing in response to an earlier article written by outdoors' columnist for the paper. "Weighing in the Taseko Mines Proposal" Refutes statements made by writer which were untrue and designed to inflame general public against industry.
95-Jan-25	NGO	B.C. Federation of Wildlife	Mr. John A. Carter	Chairman	Letter	Letter to The Honorable Moe Sihota, Minister of the Environment, Lands and Parks Fish Habitat Compensation Plan - References are made to a July 25, 1994 memorandum from Mr. Toby Vigod which opposes the mine and also indicates that compensation or mitigations are not viable biological options.
95-Mar-01	NGO	B.C. Federation of Wildlife	Mr. John A. Carter	Chairman	Letter	Letter to John A. Carter from Robert A. Dickinson General - Response to B.C. Wildlife Federation's letter to the Honorable Moe Sihota January 25, 1995
95-Mar-08	Public	Local/regional interests	Dale and John Kerr		Letter	Letter to Mayor and Council, City of Williams Lake Project Review Process - Questions adequacy of compensation for loss of Fish Lake, adequacy of public consultation process, adequacy of mining royalties, cost of government administrative process.
95-Mar-29	NGO	B.C. Federation of Wildlife	Ed Mankelow	Chairman	Report	Report of the Mining Land Use Committee Fish Habitat Compensation Plan - This mine will destroy Fish Lake. Taseko Mines expects B.C. Wildlife Federation to accept proposed compensation/ mitigation plans. Initial reaction is to consider

DATE	CATEGORY	ORGANIZATION	CONTACT	TITLE	NATURE OF CONTACT	DETAILS (Concerns, Opinion, Topic of Discussion)
						the compensation ... but our wildlife resources are not for sale or trade.
95-Apr-11	Public	Local business Dell's Propane Ltd.	Scott Nelson	Local Businessman	Letter	Letter from Ross Banner transmitting "Fish Lake Site Tour Booklet" and "Taseko Mines Ltd. Information Document."
95-Apr-11	NGO NGO Public Public Public	B.C. Federation of Wildlife Big Creek Community Association Local/regional interests Public Advisory Committee Public Advisory Committee	Glen Kuenzl Walt Mychaluk Elsie Mychaluk Peter Schuler Darlyne Brecknock	President Chairperson Public Advisory Committee	Meeting	Public Advisory Committee meeting for the Prosperity Gold-Copper Project Fish Compensation Plan, Job Creation, Transmission Line right-of-way, Trap Line Compensation, Cattle Grazing, Load Out Facilities, Local Indian Band's Positions
95-Apr-12	NGO	Big Creek Community Association	Walt Mychaluk	President	Letter	Letter to Glen Kuenzl, Director of B.C. Wildlife Federation on Fish Habitat Compensation Plan
95-Apr-12	NGO	Big Creek Community Association	Walt Mychaluk	President	Letter	Letter to Ross Banner, Taseko Mines Ore Truck Haul Route- That traffic to and from the mine site will not be going through Big Creek but rather via the Taseko Lake road.
95-Apr-23	Public	Duncan Baynes Ltd., Deer Creek Ranch, Hanceville, BC	Duncan Baynes	Rancher	Letter	Letter to Ross Banner Cattle Grazing/Road Access - Ore truck haul route along existing Nemiah road, potential for conflicts with cattle crossing the road.
95-Apr-24	NGO	B.C. Federation of Wildlife	Bob Morris	President	Letter	Letter to Bob Dickinson Fish Habitat Compensation Plan.
95-May-02	NGO	The Steelhead Society of British Columbia	Joe Saysell	Chairman	Letter	Letter to Mr. Moe Sihota, Minister of Environment, Lands and Parks – concern regarding Fish Habitat Compensation Plan.

96-Jan-11	NGO	Williams Lake Fly Fishers			Meeting	<p>Memorandum from D.L. Deans. Taseko attended their annual meeting on this date at which Ross Banner made a presentation about the Taseko Mines Limited's progress to date in bringing the project closer to the harmonized review under the British Columbia Environmental Assessment Act and Canadian Environmental Assessment Act. Sport Fishing</p> <ol style="list-style-type: none"> How will the genes of the fish lake stock be carried over to the end of the project life and reintroduced into new habitats. If fish are planted out into barren lakes, how will those lakes be protected from inadvertent stocking of other fish which will then lead to the contamination of original gene pool. Is technology proposed to preserve genetic material of Fish Lake population sufficient to assure that gene pool will be maintained with full integrity? What work has the company done to assure that there will not be an ARD problem after the mine is closed? What is Taseko doing to ensure that there will not be heavy metals leaching into the tailings pond, or reclaimed pit that can then bioaccumulate in the fish that take up residence there? Is the company asking for outright support of project rather than support for review of the project under the assessment acts? How will the bonding for reclamation work ensure that there will be no costs to taxpayers

Patterson Dave Brown - Ian Hayward International Ltd. Big Creek Ranchers Association at the Big Creek Community Hall.	Presentation	<p>The purpose was to provide an opportunity for Taseko to update the participants on the status of the project, alternatives assessment for the powerline route and to hear any concerns regarding the 500 metre corridor location from the Dog Creek station to the mine site. Concerns raised:</p> <ol style="list-style-type: none"> 1. Ability to provide power from the line to communities and needs along the route. 2. Potential for alignment location to minimize visual impacts on two identified areas Krystyna Warren (Lots 2312 and 8451) and Iris Sylvia Witte (Lot 2127). 3. Need for issues and concerns to be placed on new map 4. Accessing and crossing private lands with powerline 5. Are powerline poles single or double, as the Taseko website and at the public meeting single pole identified and at this meeting it is a double pole frame 6. Need for dust mitigation along ore haul road 7. Potential for impacts on Grazing Lease RAN 073034 in the name of Sigfreid Reuter, Taseko Lake Lodge and which covers the mine footprint and surrounding area. 8. Need for access management in the upper Taseko River area 9. Other mineral claims in the area and the potential for cumulative effects of mining.
